LAST REMAINING PLACES...

Family farm businesses are invited to register for the final few places available in The Prince's Farm Resilience Programme, run by The Prince's Countryside Fund.

To be held in North Herefordshire and coordinated in by The Herefordshire Rural Hub, the multi-million-pound programme allows up to 20 farming families to take part.

Participants receive FREE business skills and environmental management training worth £2000 per farm, delivered by expert consultants including Kite, the Andersons Centre, and Savills. The training helps farming families to make changes to improve their business and ensure their viability.

Workshops will be held in Shobdon, North Herefordshire and will run from September 2021 to March 2022 but enrolment into the programme is **NOW**.

[Defra consultation on Lump-sum exit scheme & delinked payments](#)

Closes 11th August 2021

DEFRA The lump-sum exit scheme.

- In 2022, Defra plans to offer farmers in England who wish to exit the industry the option of taking a lump sum payment in place of any further Direct Payments. We believe this will help those who wish to retire or leave the industry to do so in a planned way.
- The lump sum exit scheme will make more space for the next generation of farmers, as well as providing opportunities for existing farmers who wish to expand to improve their profitability. It will sit alongside extra support to help new entrants into the industry.
- The consultation seeks views on who should be eligible for the lump sum exit scheme and how the payments should be calculated.

DEFRA Delinked payments.

- Defra plan to 'delink' Direct Payments from the land for all farmers in 2024. This means that recipients will no longer have to farm the land to receive the payments. Delinked payments will replace the current BPS for all farmers in England.
- As recipients will no longer need to meet the current BPS rules, this will simplify the payments as we phase them out over the remainder of the agricultural transition.
- Those who continue farming will still have to comply with legal standards that protect the environment, animal and plant health, and animal welfare.
- The consultation seeks views on the reference period to be used to determine eligibility for, and calculate the value of, delinked payments.

[Funding for Farmers in Protected Landscapes](#)

Farming in Protected Landscapes is a programme of funding for one-off projects. It will support farmers and land managers to carry out projects that:

- support nature recovery.
- mitigate the impacts of climate change.
- provide opportunities for people to discover, enjoy and understand the landscape and its cultural heritage.
- support nature-friendly, sustainable farm businesses.

Who is eligible

It's open to all farmers and land managers within an Area Of Natural Beauty or National Parks in England, or the Norfolk Broads. It could also support activity on other land, where a project will benefit a protected landscape or its body's objectives or partnership initiatives.

The Farming in Protected Landscapes programme will be open for applications from July 2021.

Sustainable Farming Incentive

Piloting of Sustainable Farming Incentive is already underway ahead of its launch in 2022. [Read more about the Sustainable Farming Incentive pilot.](#)

The SFI will initially be open to all Basic Payment Scheme claimants, and later eligibility will be extended to include other farmers. To get paid, you will have to meet standards or take actions on your farm to benefit the environment, climate, or animal welfare.

You will get paid to carry out a set of actions to:

- reduce levels of sediment, nutrients, and chemical pollution in water.
- reduce flooding, erosion, and run-off.
- decrease greenhouse gas emissions.
- improve carbon storage, water storage and biodiversity.

You will still get Basic Payment Scheme funding, but this will reduce as part of the Agricultural Transition Plan.

Coming in Autumn 2021 [The Farming Investment Fund](#)

This is divided into 2 parts:

- **The Farming Equipment and Technology Fund**

This fund will provide smaller grants towards improving business performance. Farmers can apply for a grant to buy items from a set list of equipment, technology and small infrastructure investments. It is based on the [Countryside Productivity Small Grant scheme.](#)

- **The Farming Transformation Fund**

Grants awarded from this Fund will support larger or more complicated investments. It is based on the Countryside Productivity Large Grant scheme.

Some useful links

Defra have just released a [new update of the Agricultural Transition Plan](#) which provides more detail on the early rollout of the Sustainable Farming Incentive in 2022, including which standards are included in the offer.

To help with your financial planning for the future, Defra and the RPA have produced a [progressive reductions calculator](#) that shows how your Direct Payment may decrease over the agricultural transition period.

Countryside Stewardship Applications for 2022

<https://www.gov.uk/government/collections/countryside-stewardship-get-paid-for-environmental-land-management>

The deadline for [requesting a Mid-Tier Application pack](#) has been extended to 16th July.

Application deadline for Mid-Tier and Wildlife Offers, starting 1st January 2022, is **30th July 2021**.

**Countryside Stewardship will continue to be open to new applications until 2023.
(For agreements starting in 2024).**

This includes 4 Wildlife Offers available for Arable, Mixed, Upland and Lowland Grassland farms.

Countryside Stewardship Advice 2021

- Chris Seabridge & Associates Ltd are delivering the Countryside Stewardship Mid-Tier Advice Programme 2021 in East and West Midlands on behalf of Natural England.
- Free online 1:1 advice sessions are available covering a) application preparation advice b) pre application submission advice. Delivered by approved farm advisers.
- For bookings, please call **07593 449868** or email bookings@chriseabridge.co.uk. Please provide name, address, contact telephone number, email address and farm SBI number. They will then arrange a suitable appointment.

Forestry Commission

[England Woodland Creation Offer](#) (EWCO)

For support to create new woodland, including through natural colonisation, on areas as small as 1 hectare.

If your proposal will be more than 5 ha in size, it is recommended that you consider applying for the [Woodland Creation Planning Grant](#) prior to applying for EWCO.

The grant will cover standard capital costs for tree planting (up to a per hectare cap of £8,500) and annual maintenance payments of £200 per hectare for 10 years.

Additional Contributions (which can be combined) will also be available for: *Nature and species recovery; Tree planting near watercourses and rivers (riparian buffers); Reduced flood risk; Improved water quality; Improved public access; Close to settlements.*

[Woodland Carbon Guarantee](#)

- Farmers and land managers can apply for the Woodland Carbon Guarantee **by 9th July**, ahead of the next auction which will take place online between 26th July and 1st August.
- Before applying for the Guarantee, land managers will need to have registered with the [Woodland Carbon Code](#), which provides the tools and information required to forecast and verify the carbon they are capturing and can sell in future.

Are you a CLA or NFU member who farms in the River Wye catchment in Herefordshire?

Are you affected by the planning moratorium?

Can you help demonstrate how landowners & farmers are working to improve water quality in the River Wye?

Can you spare 10 minutes to complete the [NFU/CLA quick questionnaire](#)?

The Rivers Wye and Lugg SAC (Special Area of Conservation) have to meet statutory water quality targets. The River Lugg currently fails its targets, and the River Wye is at risk of failing. The agriculture sector has therefore been asked to reduce its phosphate contribution to the river or potentially face additional regulation.

Many farmers and landowners in the area have embraced initiatives such as Farm Herefordshire and have tried new techniques to reduce phosphate loss e.g cover cropping. The NFU and CLA would like to understand more about how you farm and what you have done to manage phosphate and diffuse pollution risk. If we can't demonstrate the agricultural sector's commitment to improving water quality, then there is a risk of greater regulatory controls through designation as a Water Protection Zone.

The results of this survey, developed in partnership between the NFU and CLA, will help us to represent your businesses at Wye Nutrient Management Board and demonstrate the commitment to playing our part in improving water quality in the River Wye.

If you would like to discuss the issues further, share your views or become more involved with helping to deliver the nutrient management plan, then please contact:

Sarah Faulkner, NFU West Midlands, **07817 726 190** sarah.faulkner@nfu.org.uk

Helen Dale, CLA Midlands, **07811 199 657** helen.dale@cla.org.uk

News from Herefordshire Meadows

Herefordshire Meadows are working with Meadow Makers on 56 ha of restoration and creation across Herefordshire this summer with Plantlife's Green Recovery Challenge Funding. There are more funding opportunities coming up for 2022.

If you are thinking ahead to ELMs and want to increase the area of flower rich diverse swards on your land at field and landscape scale, ready for future payments please [get in touch with us](#) through our website www.herefordshiremeadows.org.uk

Woodland Trust and Agroforestry funding.

Find out how agroforestry benefits nature, climate and farming at [Agroforestry - Woodland Trust](#)

Trees for your farm

Plant 500+ trees to improve productivity and the environment on your farm. **Funding of up to 100% of costs** is available for agroforestry schemes benefiting the business of productive farms, including a site visit and tree planting assessment. Delivered through Sainsbury's and PUR project funding for suitable and approved sites.

To enquire, email plant@woodlandtrust.org.uk and include details of your farm business, what type of planting you plan to undertake and the impact you hope the trees will have on your farm. Due to popular demand, we are currently accepting applications for planting between November 2022 and March 2023.

#farm24 - "24 hours in Farming"

An online event showcasing what farmers up and down the country do in a typical working day.
From August 5th to 6th 2021

"24 Hours in Farming", sponsored by Farmers Guardian in partnership with Morrisons, is back for its fifth year.

It celebrates British farming and offers a valuable insight into where and how food is produced, and the huge variety of roles and responsibilities taken on by farmers as food producers and custodians of the countryside.

Find out more about how you, as a farmer, can [get involved](#) using the hashtag #Farm24 on social media.

... .. and if you are thinking of getting involved in
[#farm24](#) or [LEAF Online Farm Sunday](#) (26th September)

Faster Farmers have produced a free online video ["Promoting your farm with Pictures"](#)

Giving tips on how you can take a good photographs
to "tell the story" of your farming day, and share them on social media.

Lots of free webinars and some on-farm events coming up

Where appropriate, BASIS and NRoSO points are available for attending these webinars and events and information is available on the events pages. [All AHDB events](#).

2 on-farm events coming in July: -

Shropshire Beef & Lamb Strategic Farm: - Grazing Management – Sheep, Cows & Carbon

Weds 7th July - Due to coronavirus restrictions, two sessions will be run (10.30am – 1pm and 2pm – 4.30pm) limited to 30 people each time. Please book onto your preferred session. [Full details and online booking](#)

Hereford Monitor Farm – Launch meeting

Monday 19th July, 6pm – 9pm. [Full details and online booking](#)

In case you missed any, recordings of previous AHDB webinars can be found on the AHDB "Online events and webinar archive" at <https://ahdb.org.uk/webinars>

Advice & Support Available Across Herefordshire from the Wye & Usk Foundation

We are still working to support farmers during these strange times
– if you need any advice please contact one of our Catchment Advisers as usual.

Improving Local Water Quality: The levels of phosphate in the rivers and streams is still higher than it should be and we are working hard to support local farmers to reduce losses from agriculture – which is now identified as the sector having the greatest losses Phosphate impacting on our rivers. We are able to provide free confidential farm advice for any yard or land management challenges you may be facing.

We can provide soil structure assessments, OM testing, yard advice, stewardship advice... the list goes on!

For more information or to request a visit please contact one of the WUF advisers:

Lucinda Lewis (07824 904 877); **Mike Williams** (07920 441 215); **Tom Jolley** (07545 253 155); **Jonny Pugh** (07825 743 447)
Abi Croshaw (07990 068 941); **Claire Spicer** (07741 856 770); **Ben Nott** (07539 902 680)

Support Available from Severn Trent in the Wye Catchment

SEVERN

TRENT

Severn Trent Water are working with the Wye & Usk Foundation to fund advice and grant schemes in the Wye on an annual basis. It is restricted to the Drinking Water Safe Guarding Zone which follows the main rivers, so if you farm on the main stem of the Wye, Lugg or Frome and would like to improve a pesticide handling area or disposal options like biobeds or biofilters there may be funding available to support this.

STEPS for Water Quality re-opened on the **22nd February 2021** and will close on the **31st January 2022**. Up to £10,000 is available to improve Pesticide Handling Facilities in the yard and for the placement of Arable Grassland Buffers to protect water courses.

STEPS can be run in conjunction with other schemes as long as an item is not being double funded.

If you would like more information about the funding Severn Trent has to offer then please contact one of the advisers below or visit <https://www.stwater.co.uk/about-us/environment/catchment-management/severn-trent-environmental-protection-scheme/>

Catchment Advisers: Abi Croshaw (07990 068941) or **Mike Williams** (07920 441215)

Catchment Sensitive Farming (CSF)

Countryside Stewardship

The application window for Countryside Stewardship Mid-Tier is open until the end of July. Please see <https://www.gov.uk/government/collections/countryside-stewardship-get-paid-for-environmental-land-management> for further information.

CSF is working with priority farms, providing advice on how farmers can make applications which can deliver the greatest environmental benefits in terms of water and air quality. Due to high levels of demand, CSFOs are strictly limited in the number of priority applications that they can support.

If you would like to find out whether your land falls within a target area for water quality, please follow this link

<https://www.gov.uk/guidance/catchment-sensitive-farming-reduce-agricultural-water-pollution>.

[Once you have established that you are in a target area, please contact your local CSFO to find out if your farm is a priority holding.](#)

We will be working with farmers over the autumn and winter, providing free, specialist advice on topics such as **Soil and Nutrient Management Planning, Assessment of Soil Health, Improving Farmyard Infrastructure and Conserving Nitrogen**. Spaces for these visits is limited, so if you are interested in gaining further information on any of these topics in 2022, please get in touch with your local CSFO. Likewise, if you would like to discuss putting in an application for Countryside Stewardship in 2022, please contact us early so that we can work with you to identify the best options for water and air quality.

Nuffield Farming Scholarships Closing date for applications is 31st July 2021.

National Skills Fund

Starting this year, the government is investing £2.5 billion in the National Skills Fund. The National Skills Fund will help adults to train and gain the valuable skills they need to improve their job prospects.

Grants and Bursaries to help towards further and higher education.

Deakin & Combe Memorial Trust Grants Closing date for applications is 27th August 2021.

Three Counties Agricultural Society Bursary in memory of Joe Henson MBE Closing date 31st August 2021

Jordans Cereals and The Prince's Countryside Fund Sustainable Agriculture Bursary 2021

Closing date for RAU applicants is 29th August 2021, and for Reading University applicants it is 6th September 2021

"Rock The Barn"

16th-17th July, at Lower Chilstone Court, Madley, Hereford, HR2 9PW

Run by the Hereford Round Table, all proceeds to local charities and good causes.

More details at <https://rockthebarn.co.uk/>

The Farming Community Network

Earlier this year, FCN helped to launch two short films featuring farmers who have experienced mental ill-health and initially struggled to ask for help. The videos have a positive message, highlighting why it is important to seek support and to talk about what we are going through when times are tough.

The films are available here:

- [Farming and Better Mental Health](#)
- [The Hill Farmer](#)

Stress, anxiety, loneliness, bereavement, depression, retirement, illness, family concerns, worries about the future - these are things that we can all experience at some stage in our lives.

If you need to talk, you can contact FCN on **03000 111 999** or email help@fcn.org.uk

FCN have also produced "[FarmWell](#)" - an online facility, free to use, with lots of useful information and advice to help keep your business, and yourself, resilient through changing times and plan positively for the future.

The Prince's Countryside Fund/HFYFC Training Grants

As some social distancing and Covid-19 restrictions are being eased, a limited amount of training is starting to be offered, so if you are able to get something booked up, and are eligible to apply for this funding, please contact **Frances** at **Herefordshire Rural Hub** to request an application form.

The funding is easy to access. All you need to do is select which course you would like to go on and complete the application form. If your application is approved you will be able to reclaim **70%** of your training and test costs, up to a maximum of **£250**.

Applicants must be a current member of HFYFC or a past HFYFC member (up to 40 yrs old).

The fund will support training that will; *improve your employability, increase or improve your skill set, improve your safety or allow you to undertake extra responsibility in your current job.*

Whatever training you are applying for, **please ensure that you submit your application form in good time before your course is due to take place, as training cannot be funded retrospectively.**

For any queries or to request an application form, please email Frances at admin@herefordshireruralhub.co.uk

The Jack Hughes Fund - administered by Herefordshire Community Foundation

The Jack Hughes Fund is available to farmers and farm staff aged over 40 years working on a **Herefordshire** farm. The amount of funding available is up to a maximum of 70% of the course cost to an overall maximum of £200.

The programme is available for farmers and farm staff aged over 40 (limited to one family member/employee per farming business per year).

It will specifically provide funds to support those who require:

- retraining or upskilling as they are leaving the industry.
- training to support a new farm diversification enterprise.
- training or business support for succession planning.

Funding will also be available for farm related training courses (examples below)

- Safe use of pesticides – PA1, PA2, PA6
- Rodent control on farms
- Emergency first aid
- Food safety (Basic Food Hygiene)
- Chainsaw Maintenance & Cross Cutting (CS30)

Other courses will be considered on application

The funding is easy to access, but please note that the project will not support training retrospectively & places will be limited. Applicants need to be resident in Herefordshire.

For further details or an application form contact the **Herefordshire Community Foundation**

The Fred Bulmer Centre, Wall Street, Hereford, HR4 9HP. Email: administrator@herefordshirecf.org Phone: 01432 272550

Covid-19 Safe Practise Instruction for 7Y Training Centre Courses

Information while attending a course/event at 7Y Training Centre.

How we are making training safe for you and your candidates

We will be implementing the following measures to keep your candidates and our employees safe:

1. Before the course date - If a candidate has any of the symptoms of COVID-19 (e.g., new persistent cough, high temperature, loss or change to sense of smell or taste) they must not attend training. We will provide a free transfer to a future course.
2. Candidates Arrival on site - On arrival at the centre, we ask that the candidate stays outside until they are called in, they can then check their temperature and sanitise before entering.

3. Social Distancing - We have put social distancing measures in place distancing 2m between desks/chairs and request the same of candidates during refreshment and toilets breaks. To do this we have reduced class sizes.
4. PPMe - Each candidate will receive a welfare pack on arrival which consists of personal hand-sanitiser, gloves, tissues/wipes, face mask and a pen. These boxes (as with all course paperwork) have been quarantined for 7 days.
5. Boxes – Each desk will have a welfare box; We would like to ask that candidates put any personal belongings that they have on the desks in the box during break-times so that all hard surfaces can be wiped down.
6. First Aid Courses - We will operate a 1:1 candidate to manikin ratio for CPR practice and AED use. We maintain our rigorous manikin cleaning protocols after each course.

Please register your interest for any of the following courses:

Course	Dates <i>(subject to change if numbers are low)</i>	Venue
C & G Safe Use of Pesticides (PA1) <i>Max 6 candidates per course</i>	27 th July	Leominster
C & G Ground Crop Sprayer (PA2) <i>Max 4 candidates per course</i>	28 th July	T.B.C
C & G Ground Knapsack Sprayer (PA6) <i>Max 4 candidates per course</i>	29 th July	Leominster
First Aid at Work	11 th – 13 th August	Leominster
First Aid at Work Refresher	6 th & 7 th July	Leominster
Emergency First Aid at Work	30 th July 16 th September	Leominster
Chainsaw Maintenance & Cross-Cutting	July dates available	Leominster

The following Machinery and Equipment courses can be run for either Novice, Refresher or Experienced candidates, & under a variety of awarding bodies – Lantra, ITSSAR, BRITTOp. Please contact Paula to register your interest.
